

PVHM CIVIL SERVICES

COMPANY PROFILE

Cell: +2782 855 2792 Hannes
e-mail: pvhmcivils@tzaneen.co.za

Over the past 18 years PVHM Civil Services has established itself in South Africa's construction industry, as an engineering company of note. We have over the years built an impeccable reputation that speaks for itself and has put us in a fortunate position to expand and grow our company, to give you the satisfaction of a one stop civil and structural engineering company across Africa. We recently started mining and mineral trading in Africa as a add on to our profile.

With 12 accredited professionals employed in our services, we can do the following:

- *Land & Mine Surveying*
- *Earthworks Design & Construct*
- *Municipal services Design & Construct*
- *Mining and mineral trading*
- *Structural and Civil Engineers Design & Construct*
- *Pack Line Layout Designs & Manufacture*
- *Railway design & Construct*
- *Irrigation Design*
- *Architectural Plans*
- *Project Management*
- *Turnkey Projects*
- *Civil & Agri Laboratory*
- *Manufacturing*
- *Solar Design & Supply*
- *Skills development*

At PVHM we are committed to get the job done and to fulfill all your needs.

Our commitment is our motto, our precision our pride, quality service is our vision and environmental global awareness is our goal.

It is important for us to establish an open line of communication to establish your needs. To give you proper, accurate and sound informative advice, to enable you to make a sound and informed decision.

As a company it is important for us to build a long-lasting friendship with our existing, as well as potential clients, therefore you will always know where you stand with PVHM Civils, and that you will have the satisfaction of seeing your money being first time invested in a lifetime investment. 70% of our work is word of mouth referrals and we hope that we will be your next investment.

We have the privilege of having our own laboratory which is called Tzaneen Lab (<https://www.tzaneenlab.co.za>) (SANAS accredited), and specializes in the following:

- *Civil material testing and classification*
- *Quality control on soil, concrete and asphalt*
- *Concrete/brick strength testing*
- *Concrete mix designs*
- *Geotechnical investigations*
- *Water, soil & leaf analysis for the farming industry*

Services are tailored according to your needs and include laboratory and field-testing, technical supervision and consultation on construction sites and mobile site laboratories. We offer fast, friendly service and reliable results, as to SANAS & ISO specifications.
